WILLAMETTE VALLEY WINE

Willamette Valley

COLLECTORS' AUCTION

POWERED BY Zachys®

Elk Cove's Five Mountain Vineyard

WELCOME.

We are delighted to announce the first-ever "Collectors' Auction" in partnership with the Willamette Valley! This is a live-streamed "Studio Sale" on April 7, open as usual for absentee bidding prior.

A few special notes about this auction, and how it differs from our usual sales...

1. No Buyer's Premium. Yay!

2. Zachys isn't fulfilling the lots. By bidding, you recognize that we're going to give your name, should you win a lot, to the donating winery to fulfill your lot directly.

But other than that, this is an amazing opportunity to pick up some very cool wines, and experiences, from wineries that have put the Pacific Northwest on the map, wine wise, and yet are rarely found in Zachys auctions (something I think is going to change). There are some Big Names in here, and some up and comers, but I think you'll find something interesting, for sure.

We're delighted to be a part of it. Any questions, email us at auction@zachys.com

Sincerely,

Charles Antin

LOT 1

ADELSHEIM VINEYARD

Quarter Mile Lane Vineyard
Variety: Pinot Noir
9 Magnums (1.5L)

A vertical lot of nine magnums, all from Adelsheim's historic Quarter Mile Lane Vineyard. Each magnum will be signed by the winemaker and winery owner: 2019, 2016, 2015, 2014, 2012, 2010, 2006, 2005, 2003

Includes Winery Experience

DETAILS

David Adelsheim and his wife at the time, Ginny, invited all their friends to come to their nacent vineyard on April 20, 1974 to help them plant their first large block of Pinot Noir. Over the course of a long morning, all 2.35 acres were planted with young vines. About half were Pommard clone; the other half, well, we have no idea. Suffice it to say that, as these vines matured, the wines produced from them turned out to be completely unique. Their wild, red cherry and white spice nose and exceptionally smooth tannins are unlike any other Pinot Noir wine produced in the world. And these wines seem to age forever. Need proof? Try the first wine produced from the 1974 planting when you visit us. This lot of magnums from nine of the best vintages of the last two decades has never been available anywhere and will only be sold at this auction.

The winning bidder and party (up to three more people) will be invited to come to our winery for a private tasting with winemaker Gina Hennen, focused on our Quarter Mile Lane Vineyard. Then that bidder and party will be invited to join winery founder David Adelsheim for at dinner at his home in the Quarter Mile Lane Vineyard. If the bidder and party need accommodations, the guest suites at Quarter Mile Lane will be available for their use. Please plan to visit us within within 12 months of this auction. If the bidder cannot come to the Willamette Valley, we will create a virtual event to discuss the wines, the vineyard and its history.

About Alexana Winery:

Born of Dr. Madaiah Revana's love of the great wines of Burgundy. In the Spring of 2005, Dr. Revana began searching for both the ideal region and an experienced winemaker to produce Pinot Noirs that could rival those from Burgundy. His search ended in the Willamette Valley, where he met Lynn Penner-Ash and found the beautiful 80-acre estate that became Alexana.

Ideally situated in the Northern Willamette Valley, our 80-acre property possesses incredibly diverse soils and exposures. The 55-acres of vines are planted on one of the most geologically diverse parcels in North America, with over eighteen soil types spread out amongst a combination of rolling hills, steep slopes, and rugged terrain. We dry-farm our vines and utilize both biodynamic and certified sustainable farming methods to cultivate ultra-premium Pinot Noir, Chardonnay, and Pinot Gris.

We strive to make our wine in such a way that reflects the integrity of the varietal, respect to the land, and honest winemaking. The result is carefully crafted wines that are well-balanced, complex, and continually elegant.

The Revana Portfolio:

Founded and conceived in 1997 by vintner Dr. Madaiah Revana, the Revana Portfolio is a collection of wine-growing estates comprised of Alexana Winery in Oregon's Willamette Valley, Revana Estate in California's Napa Valley, and Corazon Del Sol in Argentina's Los Chacayes IG Region of the Uco Valley in Mendoza. Dr. Revana collaborates with arguably the most reputable regional winemakers and vineyard managers to craft wines that convey a distinct sense of time and place.

LOT 4

ANTICA TERRA

Antica Terra Custom Cuvée
Variety: Pinot Noir
60 Bottles (750ml)

Vintner for a Day - Dip your thief into our barrels to create a custom cuvée with winemaker, Maggie Harrison

Includes Winery Experience

DETAILS

All of the wines we produce at Antica Terra are the product of a process of the rarest kind: blending blind.

We approach winemaking with the goal of making the most beautiful wines that are possible in any given vintage. Our approach eschews dogma and trend, refuses to call decisions out in advance, and strips away bias in the blending process.

What that means is that we take a sample from every single barrel of, in this case, Pinot Noir in the cellar, and we put them into numbered sample bottles. We move through these blind samples and start putting things together and taking them apart in every different way we can think of, looking for harmonies that exist in the cellar, for those places where we can find the ignition of beauty.

We don't require ourselves to make any number of wines or to make a certain volume. There's no volume that's too small for us to be able to do something with it. We free ourselves from restrictions of sales, and relationships with our customers, distributors, and importers to just look for the highest possible answer and trust that if we stick really close to beauty, that all the rest of the puzzles will solve themselves.

This lot is the opportunity to blend a custom cuvée under our winemaker, Maggie Harrison's, tutelage. Either one on one, or with a group of friends, collectively or in competition.

The auction winner will receive five (5) cases of their bespoke cuvée custom bottled in the format of their choice (750mL, Magnum, or Double Magnum). The winner will join winemaker, Maggie Harrison for an interactive seminar to learn how to blend.

If virtual, participants will receive a shipment of five barrel samples from the same Antica Terra barrels we use to make our wines, as well as everything else needed to create a personal winemaking tour de force. Two Blending Kits are included in the lot; more are available for purchase should the Zoom party expand.

If the winner prefers to attend the seminar at our winery, we are happy to host in-person.

DETAILS

Experience the exceptional 2008 vintage with a horizontal of Apolloni's Single Vineyards and the Estate bottling, a Cuvée combining all four Vineyards. The vintage produced fresh, elegant, balanced Pinot Noir with fully developed flavors from reduced yields and was harvested among the latest in the valley. Building wines with great aging potential. The Olivia, Fiorentina (formerly the Ruby Vineyard), Flaminia and Filippo Vineyards produce distinct and unique wines each year, and 2008 was no exception. These wines come together to create the Apolloni Estate Pinot Noir bottling, which is included in this lot as well. These bottles have been signed by Owner and Winemaker Alfredo Apolloni, and are presented in a set of wooden boxes.

When Alfredo and Laurine Apolloni moved to Oregon in 1999, they wanted to build an estate for their family to grow on as Alfredo did in his childhood in Italy. Alfredo's heritage as a 7th generation Italian winemaker informs the winemaking and overall vision of Apolloni Vineyards. With 45 acres of LIVE Certified Sustainable vineyards containing Pinot Noir, Chardonnay, Pinot blanc, Pinot gris and one of the state's only plantings of Sangiovese and Nebbiolo, Apolloni Vineyards is a hidden gem of the Willamette Valley. Includes Winery Experience

DETAILS

This lot includes six bottles that all received high scores from our critics. We believe strongly in the power and promise of Oregon Chardonnay. Sigrid Chardonnay is an homage to our Swedish grandmother whose spirit, grace, and strength inspired three generations of Bergström children. After harvesting each of our estate vineyards by hand, we ferment the fruit separately in small French oak barrels, where it undergoes full malolactic fermentation and aging sur lie for 18 months. Only then do we select the finest of these barrels for our Sigrid Chardonnay. In a bottle of Sigrid, you will find the layered textures, mineral structure, fresh citrus and stone-fruit flavors and floral aromas we hope will inspire you to continue following the Oregon renaissance of this noble white grape.

Lot features a private tour and tasting with the winemaker, at the winery, on a mutually agreed upon date. Travel and lodging are not included.

DETAILS

The Cellar Crawl was founded in 1997 by a group of friends from six of Oregon's premier wineries: Ken Wright of Ken Wright Cellars, Mike Etzel of Beaux Frères, Ted Casteel and Terry Casteel (succeeded by Ben Casteel in 2006) of Bethel Heights Vineyard, Steve Doerner of Cristom Vineyards, Lynn Penner-Ash of Penner-Ash Wine Cellars, and Laurent Montalieu of Soléna Estate.

They were brought together by comradeship, curiosity and an abiding love for Pinot Noir. Continuing the Oregon wine community's tradition of collaboration, of sharing experience and knowledge, these friends have carried on many experiments together over the last two decades. In 2015 this involved trading fruit among the six winemakers to explore the relative impact of vineyard site and winemaking process on the expression of wine. Can we answer the question: Which has the greatest impact, the land or the hand?

The 2015 Cellar Crawl Collection includes 18 distinct single-vineyard Pinot Noir bottlings. Working in two groups, each took on identical allotments of fruit from three of each other's vineyard sources. This Collection showcases six individual winemaking approaches as a lens into the landscape of these six unique sites.

Enjoy a private seated tasting of Bethel Heights very limited edition "Beyond the Blocks" wines, paired with small bites prepared with local, seasonal, fresh ingredients through four small plate courses from the Bethel Heights Kitchen. As you explore the wines, your host will walk you through the evolution of terroir expression at Bethel Heights Vineyard through two generations of Casteel family winemakers.

LOT 16

BIG TABLE FARM

2012 Founders Cuvée
Variety: Pinot Noir
2 Mixed Formats

One Magnum and one 750ml of 2012 Founders Cuvée Pinot Noir

Includes Winery Experience

DETAILS

When Brian and I started in 2006, it was on a shoestring and we had no winery or vineyard. We made our first 150 cases in a rented space and sold those bottles to afford to make the next vintage. In those early times, we made a little bit more wine from the sale of the previous vintage each year and eventually we needed more space. We wanted to build a winery but certainly did not have the necessary funds. I suggested crowd funding, which Brian admittedly was dubious of at first. But we sent a letter to our mailing list and within a few months we had 100 amazing people all willing to gift us $1700 each, which was an important part of the funding to build our winery. With that the Founders Circle began. Brian made this 2012 wine for them as a thank you, and each of those 100 people received a magnum of this special Pinot Noir, our Founders Cuvée. This wine has never been available for purchase, so this is a rare chance to have a wine that is part of our history and is full of our heart and soul. - Clare Carver, Big Table Farm

The winning bidder is welcomed to the big table farm atelier with current release wines.

LOT 17

BJORNSON VINEYARD

Meet the Family: Bjornson Portrait-Series Wine Collection
Variety: Mixed
6 Bottles (750ml)

2012 BW #21003 Pinot Noir
2013 Isabel Pinot Noir
2014 Art Pinot Noir
2015 Magnus Pinot Noir
2016 Edward Pinot Noir
2017 Margaret Chardonnay

Includes Winery Experience

DETAILS

Mark and Pattie Bjornson moved to Oregon in 2005. Within months they purchased land in the Eola-Amity Hills and set to work planting a vineyard, naming their vineyard blocks after their four children. Before the current winery was built, they licensed their barn and began making commercial wine in 2012. Their first lot, (of which 8 bottles remain), was appropriately named after their winery license number BW #21003; and is a co-fermentation of all the clones of Pinot noir growing in their vineyard. The 2013 Isabel, named after Mark's maternal grandmother, was sourced from Claire's block, clones 667 and 115 of Pinot noir. Isabel was an award-winning pie maker, and this wine reminds us of a freshly baked pie. The 2014 Art, was Mark's maternal grandfather, (married to Isabel) who farmed on the prairies of North Dakota. Art is our most rustic bottling, bold, intense, with a touch of earthiness. The 2015 Magnus, Mark's paternal grandfather, is our most opulent Pinot noir, delivering a beautiful complex array of dark fruits, structured tannins, and balanced acidity for a mile-long finish. The 2016 Edward is named after Pattie's paternal grandfather, who was a quiet but intense, dependable man. The Edward has bright red fruit, is a classic representation of Oregon Pinot noir, and is dependably one of our most acclaimed Pinot noirs. Finally, the 2017 Margaret Chardonnay, named after Pattie's maternal grandmother, is to-date the only vintage of Bjornson chardonnay worthy of the portrait-series bottling. Bright acidity, complex fruit and nuttiness are suspended on a brilliant focused finish.

Lot winner will enjoy a stay for four couples in our Portrait Suites, a fully-furnished apartment located above our tasting room. Included with your stay is an Elevated Tasting and Tour. This vineyard tour and in-depth tasting experience is with our most experienced team member. Delve into the wine topics that you wish to explore.

LOT 18

BRITTAN VINEYARDS

Signed Cygnus Block Magnum Vertical
Variety: Pinot Noir
6 Magnums (1.5L)

A six-vintage magnum vertical (2014 - 2019) of our Cygnus Block Pinot Noir, signed by owner/winemaker Robert Brittan.

Includes Winery Experience

DETAILS

The Brittan Vineyard is only 12 miles from the heart of downtown McMinnville, but feels worlds away. With its remote, undulating, and arid hills, the vineyard produces Pinot noir distinctive to the Brittan Vineyard: earth driven, dark fruited, and savory.

The original 18 acres were planted in 2001, but due to the challenging nature of this site and limited topsoil, only eight acres survived. Since 2004 when Robert and Ellen purchased the vineyard, it has been an ongoing rehabilitation project: replanting, retraining, and learning the unique landscape that has become Brittan Vineyard.

With 30 acres now under vine, Robert and Ellen reside at the vineyard and the intense observation continues. Additional blocks of Chardonnay, heritage Pinot noir selections, and Rhône varietals have all been planted with the intention, knowledge and excitement that only Robert can bring to his vines and homestead.

This special lot is a six-vintage magnum vertical (2014 - 2019) of our Cygnus Block Pinot Noir, signed by owner/winemaker Robert Brittan. The three-acre, east facing Cygnus Block was planted in 2008 to the low-yielding Swan Selection of Pinot noir (the only single-selection block on the property). Unlike the rest of the vineyard, rows here are planted in an east/west orientation giving the block a different exposure to the sun and reducing the influence of the Van Duzer winds, which are channeled through the rows instead of across them. This block's unique aspect, orientation, and selection create fresh, balanced, seamless wines brimming with red fruits.

Please note, we are only able to ship to states in which we hold a license. We will work with the winning bidder to arrange fulfillment.

The lot winner may join owner/winemaker Robert Brittan for a complete tasting of our three expressive, terroir-driven single block Pinot noirs from the 2018 vintage. Tasting to be conducted either in-person at our winery in McMinnville or virtually via Zoom with a set of bottles provided and shipped by the winery.

In addition to the Signed Cygnus Block Magnum Vertical and winemaker-guided single-block tasting, the winning bidder will receive a one-year membership in our Connoisseur Club. As a member, you will receive three 6-bottle shipments which will include our three Estate wines (Chardonnay, Pinot Noir and Syrah) and four single-block Pinot noirs, along with access to limited and library releases and discounts on additional purchases.

DETAILS

The Red Letter Pinot Noir is only made once a decade to celebrate our founder, Jimi Brooks. The Brooks family winery began in 1998. Jimi tragically passed away just before harvest in 2004. For our tenth and twentieth anniversaries, we made a wine in Jimi's honor. Red Letter has pinot noir grapes from the three vineyards that Jimi farmed during his short five year career in the Willamette Valley: Brooks Estate, WillaKenzie and Momtazi. 400 cases produced in each vintage.

Either in person or virtually, we invite you to spend 90 minutes with Brooks winemaker, Chris Williams and Managing Director, Janie Brooks Heuck. We will explore six rieslings and pinot noirs of your choosing. We will share our story and how Brooks is using it's wine business to make the world a better place through being Certified biodynamic for our farming, a Member of 1% For The Planet, a Certified B Corporation and a Member of Ecologi. Winemaker/geologist Mike Hallock's mission has always been to create the most compelling Pinot Noir possible each vintage, exclusively from Carabella's 100% dry-farmed vines. Established in 1996, this prime site in the northern Willamette Valley is comprised of rocky volcanic soils planted to 10 blocks of Pinot Noir.

Collect these rare library wines. Your lot includes three signed limited edition etched Jeroboams. Each features a design by artist Cara Hallock of a wildflower planted between vineyard rows. The cuvee created by Mike Hallock is unique to each vintage.

Also make room in your cellar for a 750ml horizontal of the legendary 2008 vintage! The Estate blend, the small lot Inchinnan, the inaugural Mistake Block and the feminine Eve's Garden continue to gain complexity.

The lot winner will experience a guided vineyard stroll for up to 6 guests with winemaker Mike Hallock, exploring the geology, sustainable farming and native habitat. An al fresco library tasting under the trees follows. This striking Chehalem Mountains site has views of five volcanic peaks to the east.

CHEHALEM WINERY

Five-Liter Reserve Pinot Noir Duo
Variety: Pinot Noir
2 Bottles (5L)

Two five-liter bottles of Reserve Pinot Noir - one each 2017 and 2018 - signed by winemaker, Katie Santora

Includes Winery Experience

DETAILS

The Chehalem Reserve Pinot Noir is made from the best barrels in our cellar each vintage. We are pleased to offer this pair of rare five-liter bottles, representing two highly-acclaimed vintages.

The 2017, sourced from Ridgecrest Vineyard in the Ribbon Ridge AVA, shows aromas of baking spices, black tea, and summer pollen. The palate is soft yet full bodied and not lacking in tension, showing notes of vibrant cherry. Patience will pay off with this wine; it will continue to soften and open its delicate nuances with time.

The 2018 offering is from the Chehalem Mountains AVA and is dark, dense, and complex. On the nose, aromatics of blueberries and dark fruit transition to notes of cigar box and roasted coffee beans in the glass. The palate is elegant with silky tannins and fresh ripe fruit flavors that are heightened with a kiss of vanilla that hits as the wine finishes.

Just six bottles of each were produced. They come signed by winemaker, Katie Santora.

Enjoy a personalized private vineyard tour and seated tasting of six single vineyard and reserve wines, for up to six guests. One of our knowledgeable associates will guide you through the wine, history and people of Chehalem.

6 Bottles (750ml)

2 bottles each, all signed by winemaker:

2010 Victoria Estate Pinot Noir
2011 Victoria Estate Pinot Noir
2012 Victoria Estate Pinot Noir

Includes Winery Experience

DETAILS

We brought together this extraordinary vertical of our Victoria Estate Pinot noir from our limited library collection to share for this special event! Named for our co-founder and Colene Clemens daughter, the Victoria bottling represents the finest expression of our estate vineyard in any given vintage. A blend of our very best vineyard blocks, this cuvée showcases both intensity and purity of fruit in the all-important context of balance, the key to its exceptional ageability.

2010 – The second coolest growing season on record remembered by many as "the bird year" for the devastating migratory birds who consumed large quantities of this already low yielding vintage as the fruit hung deep into October. Thankfully despite September rains the month of October remained dry allowing us to achieve great physiological ripeness along with sugars that we originally never thought possible. The structural elegance of the cool growing year with an opulent fruit profile that belies the vintage resulted in wines with impressive depth that drink well to this day.

2011 – The coldest growing season on record and perhaps the most "Burgundian" vintage ever produced in the Willamette Valley, these higher acid lower alcohol wines were destined to blossom after some time in the bottle. Lean and mean on release, they have since fleshed out nicely in the bottle, exhibiting a much more generous fruit profile now then when originally released. Perhaps the most transparent and nuanced of all the vintages, the 2011 continues to improve and should offer exceptional drinking for years to come.

2012 – A rainy and cool spring that resulted in exceptionally low yields was turned around in early July with the onset of one of the longest and driest stretches of weather to date. Never exceptionally hot, we recorded only a trace of rain all the way through harvest in mid-October. Once again, excellent physiological ripeness and structure with great ripeness and intensity. The vintage that you couldn't keep your hands off once released but would regret later as this wine continues to evolve into one of our very best vintages to date. Youthful and fresh a decade in the bottle, we can't wait to see where this beauty continues to go!

Lot features the option of a virtual tasting of current vintage wines with one set of wines shipped for the tasting, or complimentary on-site tasting for up to six guests.

DOBBES FAMILY ESTATE

Symonette Vineyard Vertical of Pinot Noir
Variety: Pinot Noir
8 Mixed Formats (Mixed)

This lot includes a vertical of Symonette Vineyard Pinot Noir from 2010-2012 and a 750mL and 1.5L of the 2019 vintage. Each bottle has been signed by winemaker Joe Dobbes and is in original packaging.

Includes Winery Experience

DETAILS

"This Symonette Vineyard Vertical of Pinot Noir champions a new story of Oregon's viticulture and winemaking spirit by presenting you with six sequential Pinot Noirs from the delicate 2007 vintage to the bountiful 2010 vintage, to the coveted 2012 vintage. This six-bottle set has been signed by Joe Dobbes and embraces the 15-year relationship with one of our favorite single-vineyard sites in the southwest corner of the Eola-Amity Hills.

In 1981, Tom Symonette and his late wife bought and named the vineyard Nuestro Sueño, which translates to "Our Dream." This unique 16-acre vineyard sits at 320–380 feet in elevation and includes Pommard, Wädenswil and Dijon clones, planted in four different soil types.

Tom is very hands-on with the grapes and only hires a crew for the more hand-labor tasks of thinning, leaf pulling, and harvesting. He has taken a new path from prior farmers and has re-defined the potential and long-term sustainability for his vineyard by updating the trellis system, increasing density, broadening the range of clones, and preparing for a potential transition out of own-rooted vines. Much of Oregon's wine future will depend on a new guard of farmers and winemakers that are willing to clear an improved path using innovation, updated tools and a new commitment to sustainability. Tom's vineyard management style is focused and determined—much like our winemaking style.

This Symonette Vineyard Vertical of Pinot Noir tells the Symonette story that continues to unfold: Tom, a salt-of-the-earth man, a farmer and now single father, is building a legacy for his teenage daughter by nurturing and growing some of the best limited-production fruit within the Eola-Amity Hills. Its dark-fruited aroma is full of marionberry and dark cherry, loganberry and lilac. The warmer, rolling and moderate elevation of the Eola-Amity Hills complement the cooling impact of the Van Duzer Corridor, producing Pinot Noir with ripe, dark-fruited flavor intensity and structured tannin and acid. The finish carries a seductive resonance that lasts long after the glass is set down. These wines illustrate the complexity through diversity and New World innovation and celebrates the personality of the Eola-Amity Hills and heart of the Willamette Valley.

Lot features: a 2019 vintage wine to be tasted one-on-one with one of our Wine Educators, as well as an additional Magnum to share with others at a later date. They will walk you through the vintages and recommend pairings. This tasting can be scheduled at your convenience.

Origin Story :

The project started with Marc-André calling me to see if I had interest in a new wine venture. I said I was all in, if we could find a phenomenal site.

Our property search began on the torrential rainfall day of November 18th, 2012. We first met at the Red Hills Market for espresso with both our fathers before getting in the car to head to the Eola Hills. We were 5 minutes from the intended Eola property when we got a call from a local vineyard real-estate guru saying he had a pocket listing for a 21 acre filbert farm on Worden Hill Road in Dundee. We quickly voted to turn the car around and head to Dundee, without so much as looking at the Eola site.

We arrived to the target site, an old filbert orchard neighboring iconic vineyards from Bergström, Cameron, and Maresh. Though the rain was coming down sideways, we weren't discouraged from energetically walking through the filbert trees. We immediately felt the potential to grow strong vines here. The trunks of the old filbert trees were incredibly consistent in diameter, indicating that the soil was consistent throughout the steep southern slope. I rallied and reassured the team that this should be our future home.

We had an offer on the property by the end of the day. We planted the vineyard in April of 2013. Ten clones of Pinot Noir and two clones of Chardonnay make up a high density average of 2310 vines per acre. The site became the Iron Filbert Vineyard, paying homage to the iron rich Jory soil series and the old filbert orchard that once stood.

THIS WAS THE START OF DOMAINE ROY. - JARED ETZEL, WINEMAKER

Variety: Pinot Gris
2 Magnums (1.5L)

Cellar Certified 1997 The Eyrie Vineyards Pinot Gris Estate, 1.5L
2015 The Eyrie Vineyards Pinot Gris Original Vines, 1.5L

Includes Winery Experience

DETAILS

Eyrie pioneered the Pinot Gris variety in the New World and the New World's oldest vines contribute to this cuvée. We take a slow approach—our Pinot Gris ages 3-4 times longer than most commercial versions, on its natural yeast lees and in the company of full malolactic. The result is textural suppleness to complement the acidity, and a surprising ability to age. The desire to stay true to place and to limit our impact on nature educates all of Eyrie's viticulture and winemaking practices. Insecticides, herbicides, or systemic chemicals have never been used in the vineyards. Today we are not just practicing organic, but certified organic.

WINE IN FOUR DIMENSIONS

Wine represents three dimensions: Climate, Soil, and Technique. If those three dimensions interact well, they create the basis for excellence. But there is a fourth dimension to appraising the quality of a wine. That is the assessment of wines after they have aged. Time is the fourth dimension. All wine gets older. Not all wine gets better. The ability to continue to gain complexity with time is still the gold-standard of excellence in wine. Eyrie's Cellar Certification has taken 10 years to refine. Today, we are able to offer a suite of wines with unparalleled consistency and provenance. With these wines, The Eyrie Vineyards hopes to help advance the reputation of the Willamette Valley as one of the world's great regions.

CELLAR CERTIFICATION

This careful, attentive approach to the wine is carried through to our Cellar Certification process. Over the last decade, we have developed a 21-step process that ensures each bottle offers the best possible expression of its vintage. "Cellar Certification," as we call it, excludes oxygen during the opening, tasting, reblending, rebottling, and recorking of each individual lot. The process eliminates the two greatest risks associated with older vintages: cork taint and bottle variation. Pressurized argon gas is used to push the fragile corks out without breaking them, leaving behind a layer to protect the wine from oxygen exposure.

Each bottle is tasted against a standard for the vintage before being unbottled and reblended for a unified, faithful representation of the vintage's character.

Auction winner is invited to join a member of Eyrie's winemaking team for a virtual wine-hour to dive into the detailed process behind their Cellar Certification program and the wines in this Compendium. Eyrie will include a special wine to open for this tasting inside the winning bidder's shipment to enjoy during the conversation.

Variety: Chardonnay
2 Magnums (1.5L)

Cellar Certified 1989 The Eyrie Vineyards Chardonnay Estate, 1.5L
2017 The Eyrie Vineyards Chardonnay Estate, 1.5L

Includes Winery Experience

DETAILS

These oldest Chardonnay vines in the Willamette Valley are among the last surviving remnants of the Draper field selection, a French import from the 1930s now extinct outside of our region. Vines are non-irrigated and no herbicides, systemic chemicals or insecticides have ever been used in the vineyards. Upon harvest, the grapes from these venerable vines are gently destemmed, crushed and pressed in slow cycles. The wine ferments in mostly neutral French oak barrels and ages in our cool cellar for one year on the lees. Since each barrel ferments with its own yeast and ages at its own rate, each barrel becomes very distinct. Old vines give the wine a distinctly direct connection to the mineral underlayment of the soil. All Eyrie vines are certified organic.

"Cellar Certification," as we call it, excludes oxygen during the opening, tasting, reblending, rebottling, and recorking of each individual lot. The process eliminates the two greatest risks associated with older vintages: cork taint and bottle variation. Pressurized argon gas is used to push the fragile corks out without breaking them, leaving behind a layer to protect the wine from oxygen exposure.

Each bottle is tasted against a standard for the vintage before being unbottled and reblended for a unified, faithful representation of the vintage's character.

Auction winner is invited to join a member of Eyrie's winemaking team for a virtual wine-hour to dive into the detailed process behind their Cellar Certification program and the wines in this Compendium. Eyrie will include a special wine to open for this tasting inside the winning bidder's shipment to enjoy during the conversation.

FAIRSING VINEYARD

Fairsing Vineyard Chardonnay Cellar Selects
Variety: Chardonnay
12 Bottles (750ml)

Six stellar Chardonnay vintages from Fairsing Vineyard (2013-2018), two bottles each

Includes Winery Experience

DETAILS

This vertical is emblematic of the refinement and elegance found in the Fairsing Vineyard estate wines from the family-owned vineyard nestled high in the hills of Oregon's Willamette Valley. Established in 2005, Fairsing Vineyard is planted to thirty-eight acres of Pinot noir and five acres of Chardonnay on south-southeast facing slopes ranging from 400 to 750 feet in elevation.

Fairsing Vineyard wines continually express a true sense of place. Each vintage embodies the estate's complex confluence of varied topography, diverse microclimates, and unique maturation profiles.

Near the base of an old-growth Douglas fir tree along a high ridgetop, two acres of Dijon 76 and 95 Chardonnay selections crown the two-hundred-acre estate in the Yamhill-Carlton AVA. These distinct blocks benefit from warming northeast breezes from the Columbia Gorge and late afternoon southwest wind shifts providing the cooling influence of the Van Duzer Corridor.

Complexity, tension and focus mark the barrel-fermented estate Chardonnay crafted by veteran winemaker, Robert Brittan. Across vintages, these expressive wines are well-structured with savory minerality and faceted layers of delicate citrus and orchard flavors backed by fresh acidity.

Lot features a virtual meeting with the owners of Fairsing Vineyard - Mike & Mary Ann McNally. We'll share our story with insights into the vineyard and our wines.

FLÂNEUR WINES

Flanerie Vineyard Pinot Noir Retrospective Collection
Variety: Pinot Noir
7 Bottles (750ml)

Flaneur Wines, Flanerie Vineyard Pinot Noir Retrospective Collection of vintages 2013-2019

Includes Winery Experience

DETAILS

Flâneur Wines has put together a Retrospective Collection of Estate Vineyard Pinot Noir from Flanerie Vineyard in the Ribbon Ridge AVA within Oregon's Willamette Valley. The first wine in the collection begins with their inaugural vintage, 2013 through the recent 2019 vintage. The majority of these wines are no longer available to the public and have moved into Flâneur Wines personal library collection. This retrospective was selected due to Flanerie Vineyard's unique age worthiness and beautiful evolution when patient enough to tuck it away.

About Flanerie Vineyard: Facing due east, these vines are nourished by morning sun, but also shielded from afternoon rays. The sedimentary Willakenzie soil and glacial erratic stones that hail from Montana are the fortunate result of the Missoula Floods, over 15,000 years ago. Sitting at 250-350 ft., the warmer microclimate paired with this soil creates a spicy dark red fruit character for savory wines that are bold, like steady bass notes.

Vintages 2013 through 2014 were crafted by Flâneur Wines original Winemaker, Kelly Kidneigh. The 2015 vintage through the 2019 vintage were crafted by Flâneur Wine's current Winemaker, Grant Coulter. Prior to joining Flâneur Wines, Grant spent nine years as the award-winning winemaker for Beaux Frères Winery where he developed a large following and crafted the #3 Wine in the World in Wine Spectator's 2016 Top 100.

We can't wait to share these past and current vintages of Flanerie Vineyard Pinot Noir in a one-of-a-kind line-up.

Lot features a private tasting for two in Flâneur Wine's historically renovated Grain Elevator in the heart of down town Carlton, Oregon.

A selection of 3 vintages of our 2 original cuvées, from the 2006, 2007 and 2008 vintages

On our second vintage, we started making a small barrel selection of the barrels we found to knit together the best and showcase the "house style" of the wines we endeavor to make (Textured, Balanced, Elegant), and the vintage in which the grapes were grown; we call this blend Cuvée des Amis. This auction lot consist of a bottle of each of these blends from 3 very different vintages: 2006, 2007 and 2008. It is our hope that the purchaser will host a party of interested friends where they taste through the wines and the vintages so they can compare notes on the wines and the growing season they came from.

Should the purchaser want to host a tasting party of interested friends, winemaker John Grochau will offer to attend either virtually or in person (subject to location and timing), to personally guide them through the wines and educate them on all aspects of the production of these wines.

The lot: One-off lot of 12 bottles of Hazelfern "Back to the Future" Chardonnay delivered in a Doc Brown "Back to the Future" radioactive plutonium case that we commissioned to be custom built in Europe.

The wine: 2019 "Back to the Future" Chardonnay. OG clone-108 Chardonnay planted at Yamhill Springs Vineyard (Yamhill-Carlton District) in the 1980's. Farmed and crafted with focus and intention, we believe it's important to look back as we look to the future. 100% Chardonnay.

Includes Winery Experience

DETAILS

Alright time travelers, listen up.

It's time to fire up the DeLorean and flux your capacitor to 1.21 gigawatts. We're heading back in time to the 1980's – a time when the Biff and Buford Tannens of the world proclaimed Willamette Valley Chardonnay to be dead. The wrong clone, the wrong soil, the wrong farming they said. Willamette Valley Chardonnay was grafted over, faded and erased from memory like an old black & white.

Well listen up, McFly! There's a new Mayor in town. One with new focus, new clones, and new energy. While Pinot Noir has long been queen of the W.V., we believe that Chardonnay is the future.

Fresh, electrifying, and delicious, this is not your mom's Enchantment Under the ABC variety. No Marvin, this is the future and Hazelfern is here for the Chardy Party. Turn up the volume 'cause we've got that hot new sound you've been looking for.

ABOUT HAZELFERN: New School Kids making Old School Wines on our farm in the Chehalem Mountains. Pair us w/ loud music, delicious food, & great stories.

Taking our name from the old Hazel Fern Farm in Portland, our journey from 5-gallon carboys in our basement to our historic Chehalem Mountains' farm has been a wild ride since 2006.

Sparked by the loss of a young family member and a quarter-life crisis in 2014, we traded in our daily commute for a tractor and the wine life. We've honed our craft through thousands of hours of hustle, hard work, and drinking with friends. Come join the fun!

The winner of "Back to the Future" will be treated to a VIP Chardonnay tasting experience in the Hazelfern barn (Newberg, Oregon) where we travel back in time with winemaker Bryan and explore a vertical of Hazelfern Chardonnays from years past.

What started in 2015 as a small project of personal interest to Aaron, our winemaker, has fast turned into one of the most anticipated and quickly selling types of wine we produce. Chalice Vineyard is well suited to the production of grapes for sparkling wine due to its high elevation and the generally cool conditions which prevail in the Lorane Valley. Cool growing conditions allow for ripe flavors to develop in the grapes with less sugar accumulation while maintaining higher levels of acid, all important factors in making world class, traditional method, sparkling wine. As with all of the wines we make at Iris Vineyards, we carefully study and employ the methods used to make the highest quality sparkling wines in the world. The areas of the vineyard from which we source the grapes for this wine were selected prior to budbreak so the vines could be managed specifically to grow grapes perfectly suited to sparkling wine production. Please enjoy this collection of our award-winning sparkling wine containing several sold out vintages!

LANDLINES ESTATES

Variety: Pinot Noir
3 Double Magnums (3L)

Landlines Estates 2017 Proper Motion Pinot Noir, Landlines Estates 2018 Proper Motion Pinot Noir, Landlines Estates 2019 Proper Motion Pinot Noir

Includes Winery Experience

DETAILS

Proper Motion is an expression of a star's movement across the sky, measured in relation to other celestial bodies over years or even centuries. Astronomers rely on such exacting and patient measurements to derive a deeper understanding of the universe and our place in it.

In winemaking, like astronomy, it's not enough to simply measure one variable at a fixed point in time. You must understand each observed change in relation to a universe that is in constant transition. Each vintage, the fruit from each block of Tidalstar vineyard is individually fermented and a barrel program is determined for that block based on the characteristics of the wine. As the wine ages, every single barrel is tasted to determine which will be selected for this clonal blend of Pinot Noir. While each vintage presents a nuanced character from the subtle changes in terroir year over year, Proper Motion is known for its bold, dense seriousness characterized by blue and black fruits and a balanced minerality. It is a distinct and vibrant expression of this land and the dynamic interplay between the forces that shape it.

Please enjoy a virtual educational session on biodynamic agriculture with Rudy Marchesi, the chairman of Demeter. This will also include an additional bottle of Landlines Estates to be tasted with Rudy at the end of the session.

LANGE ESTATE WINERY & VINEYARDS

Lange Estate Winery 2018 Soil Series
Variety: Pinot Noir
6 Bottles (750ml)

2 bottles each: 2018 Magma Opus Pinot Noir, 2018 Windborn Pinot Noir, 2018 Ancient Seabeds Pinot Noir
Set is signed by the Lange Family

Includes Winery Experience

DETAILS

Exploring Terroir: Here in the Willamette Valley, we are fortunate to have an array of soil types to be expressed in the glass. Our Soil Series is a celebration of those unique expressions. Our concept for this limited production is rooted in themes that Lange Estate has focused on since 1987: enlightenment and celebration of Pinot Noir. This fascinating grape's ability to showcase endless nuances and complexities served as a perfect vehicle for our exploration of Willamette Valley terroir. Isolating soil type allowed for a focused study of the aromatic and flavor impact that this single variable provides within the selected vineyard and block. From our glass to yours, experience three unique wines - each telling part of the story of Oregon's rich geological history and illuminating terroir.

Introduction to Lange Winery: Don and Wendy Lange founded their eponymous winery and estate vineyard in 1987 with an inaugural vintage that consisted of Pinot Noir, Chardonnay, and Pinot Gris. These varietals continue to form the core of their offerings. Don's son, Jesse Lange formally joined the winemaking team in 2004 and added vineyard oversight to his list of duties. Together, Don and Jesse have crafted a program of wines that reach across a spectrum of microclimates and terroirs, with unique Pinot Noir bottlings, each delivering complex flavors along with impressive structure, texture, and balance. Over the past 35 years, the Langes have continued to hone their style—taking care to never impose on the vineyards or the wines they produce. The relationship is a synergistic one, centered on being responsive to the land as each season unfolds, while gently ushering the wines through their process.

2018 Magma Opus Soil Series Pinot Noir: The Dundee Hills is best known for its red volcanic soils formed by a bedrock of volcanic basalt. Wines from the appellation enjoy a worldwide reputation for greatness and are known for their elegance, pure red fruit character, and bright acidity. True to form, our 2018 Magma Opus is crafted from Pinot Noir grown on our estate and opens with ebullient notes of pie cherry, raspberry, and marionberry followed by more complex layers of warm spice, rose petal, underbrush, and earth. On the palate, finely tuned and pillowy tannins lend structure to an otherwise delicate frame and usher in a finish of coffee, mocha, and forest floor.

Jory Soil - Born of a violent chain of volcanos, the rich red volcanic soils are remnants of ancient lava flows from Oregon's Blue Mountains. Time and erosion have broken down the layers of basalt and left iron-rich, red clay soils that cover the Dundee Hills today.

2018 Ancient Seabeds Soil Series Pinot Noir: Born of marine sedimentary soil that was raised up by the collision of the Juan de Fuca and North American tectonic plates some 45 million years ago, our Ancient Seabeds Pinot Noir displays a degree of depth, breadth, power, and structure that is hard to find elsewhere in Oregon. A highly expressive and complex nose of blueberry, plums, black cherries, cola, exotic spice, and earth leads into a wine with deep-set, firm tannins that crest at the mid-palate while lending support to a sticking finish.

Willakenzie & Bellpine Soils - Consisting of marine sedimentary soil that was once part of the Pacific Ocean floor. Raised up by the crash of the Pacific, Juan de Fuca, and North American tectonic plates, this is the oldest of our local soil types.

2018 Windborn Soil Series Pinot Noir: Highly weathered, wind blown soils accumulated on the hillsides of the northern Willamette Valley during the last ice age. Pinot Noir from these fine, silty soils displays berry briar aromas and flavors along with exotic spice and an alluring white pepper edge. Our 2018 Windborn Pinot Noir offers an array of fruit-black raspberry, strawberries, and pie cherries are rendered more complex by notes of sarsaparilla, anise, sweet tobacco, and freshly turned soil. It's an expressive, energetic wine with velvety tannins and a streak of bright acidity.

Loess Windblown Silt Soils - During the last ice age, glaciers created an ice dam causing Lake Missoula in Montana to expand. When the dam finally breached, happening as many as 36 times, massive floods were sent all the way down through the Willamette Valley leaving behind layers of light wind blown silts.

Lot features a private tour and tasting at Lange Estate Winery and an additional signed bottle of 2016 Lange Estate 30th Anniversary Pinot Noir.

2016 Eola-Amity Hills Pinot Noir, Poco Vineyard Pinot Noir, Three Trees Vineyard Pinot Noir
750ml bottles in 3pk wooden gift box.
2014 Dundee Hills Pinot Noir 1.5L in magnum wooden gift box
All bottles signed by winemakers Anna Matzinger & Michael Davies.

Includes Winery Experience

DETAILS

Our Eola-Amity Hills Pinot Noir comes from two small (less than 2-acre) family farmed vineyards: Poco and Three Trees, high up (750ft) on the northern end of the Eola-Amity Hills AVA. In 2016, to celebrate a decade of collaboration with the Hudson and Wheeler families, we chose the best barrel from each vineyard highlighting voice and place and bottled it separately. With this 3-pack you'll 'taste the place' of both single vineyards as well as how they combine to form the whole of our Eola-Amity Hills bottling.

In 2014 we made a small amount of Pinot Noir from Weber Vineyard in the Dundee Hills. The vines where planted by Vivian and Arthur Weber between 1976-78 and are some of the oldest, self-rooted Pinot Noir vines in the area. The fruit was fermented in a small wooden open-top tank with native yeasts and provides an exceptionally compelling expression from historic vines in the heart of the Dundee Hills.

Hear the stories behind the wines with winemaker Anna Matzinger during a private tasting in our McMinnville, Oregon tasting room or a private virtual tasting at your convenience. Both tastings will include a selection of current releases to further the conversation.

MONTINORE ESTATE

Montinore Estate 2016 Single Block Designate Pinot Noirs
Variety: Pinot Noir
6 Magnums (1.5L)

2 bottles of 2016 Plumlee Road Pinot Noir
2 bottles of 2016 Parsons' Ridge Pinot Noir
2 bottles of 2016 Graham's Block 7 Pinot Noir

Includes Winery Experience

DETAILS

2016 was an iconic and delightful vintage in the Willamette Valley. A warm spring resulted in bud break almost a month ahead of the norm, but moderate summer temperatures slowed ripening, allowing the fruit to reach peak perfection before harvest. At Montinore Estate, the single block designates are sourced from different areas of our biodynamically farmed estate vineyard. The 2016 Plumlee Road Pinot Noir is sourced from Block 1, located on the Northern edge of the vineyard. This block has the most mineral-rich soils on the estate, expressing characteristics of delicate red fruits, herbal notes and spice. Block 3, located on a small saddle on the Eastern side of the home vineyard is where the fruit from the 2016 Parsons' Ridge Pinot Noir hails from. This block was a part of the original vineyard planting in 1982, bringing earthiness and more depth to the fruit. This wine holds tension on the palate and boasts deep flavors of cherry and raspberry. The 2016 Graham's Block Pinot Noir is a blend of select barrels from Block 7, located in the heart of the vineyard. This block was planted in 1984 with a Burgundian-style spacing; vines planted at a tighter density, producing tightly knit, small-berry clusters. Each location creates unique expressions within the wines that make choosing your favorite a difficult, yet enjoyable pastime.

Join us for a virtual tasting with winemaker, Stephen Webber, as he takes you through the three single-block designates produced in his first vintage as head winemaker of Montinore Estate.

DETAILS

After decades in this business, Rob has developed close working relationships with lots of growers around the Willamette Valley. We've carefully chosen our very favorite vineyards, about a dozen of them; the ones that give us fruit in a wide range of textures and flavors. Each harvest we gather these lots of fruit from around the Valley and bring them to our winery in downtown McMinnville where Rob thoughtfully makes the wine in his own unmistakable style. Our estate vineyard, Daffodil Hill, is a beautiful 21-acre hidden gem in the Eola-Amity AVA. No matter cold, hot, warm, wet, or dry vintages, Daffodil Hill always produces a reserve caliber wine. Along with our single vineyard bottlings, Rob selects his absolute favorite lots of Pinot noir to create blends that represent the valley in different ways. The resulting Pinot noir cuvées are Vignette and Autograph. The best part? Daffodil Hill is present in all three of these wines! Taste the wonderful nuances of these three pinots that create the pillars of our R. Stuart reserve wines.

Join Rob Stuart for a tour our beautiful Estate vineyard, Daffodil Hill, located in the Eola-Amity Hills, followed with a catered lunch in the garden. *up to 6 people*

RAPTOR RIDGE WINERY

Raptor Ridge Winery Tuscowallame Estate Vineyard Vertical Collection
Variety: Pinot Noir
6 Bottles (750ml)

Six Tuscowallame Estate Vineyard bottlings featuring vintages 2014 through 2019 in a wooden collector's box.

Includes Winery Experience

DETAILS

Celebrating its 27th vintage in the Willamette Valley, Raptor Ridge is proud of its regional legacy. Hands-on founders Annie and Scott Shull have long been involved in wine industry leadership; from incorporating sustainability initiatives, to creating national education and awareness programs, to leading industry-wide diversity, equity, and inclusion efforts. As a cornerstone of the Willamette Valley, Raptor Ridge strives to showcase the quality that small, independently owned wineries produce. The winery holds long-term relationships with several notable vineyard sites throughout the Willamette Valley. In the hands of their well-informed, passionate winemaker, Shannon Gustafson, these small, single vineyard lots give the winery a unique ability to highlight the subtle, elegant diversity found within these microclimates.

Raptor Ridge Winery's Tuscowallame Estate Vineyard rests within the newly established Laurelwood District sub-AVA on the northern flank of the Chehalem Mountains AVA. Planted from 2001 to 2007 on 18 acres, the vineyard consists of one acre of Grüner Veltliner and assorted plantings of Pinot noir (3.76 acres Dijon 777, 3.64 acres Dijon 114, 2.53 acres Dijon 667, 1.2 acres Dijon 115, and 2.47 acres Pommard). The cool climate site is situated on an ENE aspect, capturing early morning and afternoon sun balanced by cool, breezy evenings for ideal ripening conditions. The distinct Laurelwood soils feature a basalt underlayment topped with mineral-rich windblown Loess silt, creating balanced moisture retention and aeration. The name of the vineyard is based on an indigenous term which translates to "place where the owls dwell." Visitors to the site may encounter a multitude of raptor species to include Red-Tailed Hawks, Kestrels, Owls, and Peregrine Falcons, whose feathers are featured prominently on the labels.

As a testament to Raptor Ridge Winery's enduring presence in the Willamette Valley, this library vertical showcases six Tuscowallame Estate Vineyard bottlings featuring vintages 2014 through 2019 in a wooden collector's box.

Lot features a virtual or in-person tasting with Founder and Winegrower Scott Shull and Winemaker Shannon Gustafson.

DETAILS

Stangeland Pinot Noir Pommard Clone 2012. Brilliant red. Sexy dark berry preserve, potpourri, cola and spicecake aromas show very good clarity and a hint of white pepper. Bitter cherry, cassis and allspice flavors slowly flesh out and gain in sweetness with air while maintaining focus and nerve. Smoothly plays richness off of vivacity on the finish, which is firmed by dusty, late-arriving tannins. 91 points Josh Raynolds. Stephen Tanzer's International Wine Cellar Issue 175 July/August.

Stangeland Pinot Noir Vermeer Vineyards Eola-Amity Hills 2012. 92 points Josh Raynolds 2014. Deep red. Heady, exotically perfumed bouquet evokes red and dark berry liqueur, sandalwood, star anise and candied flowers, with smoky mineral topnote building with air. On the palate, vibrant black raspberry and cherry-cola flavors are jointed by suggestions of spicecake and mocha on the bask half. Delivers a serious punch of flavor but comes off as energetic and lithe, with a long, gently tannic finish featuring lingering spice and mineral character.

Stangeland Pinot Noir Estate Reserve Eola-Amity Hills 2012. 93 points Josh Raynolds 2014. Vivid ruby-red. Deeply pitched aromas of ripe dark berries, candied flowers, incense and smoky minerals, with a hint of star anise in the background. Fleshy and appealingly sweet on the palate, offering intense blackberry and cherry-cola flavors energized by juicy acidity. Smooth and seamless on the close, with supple tannins building slowly and lending shape to the wine's lush berry fruit.

Lot features a VIP in-person experience, including a tasting flight of up to 9 wines and a 750ml bottle of library wine paired with local organic artisan cheeses along with the owner and winemaker.

LOT 76

STOLLER FAMILY ESTATE

Three-Liter Trio of Etched 2015 Legacy Pinot Noirs
Variety: Pinot Noir
3 Double Magnums (3L)

Three 3-Liter 2015 Legacy Pinot Noirs - Helen's, Nancy's, and Ruth's

Includes Winery Experience

DETAILS

Our Legacy wines are meticulously crafted from some of our oldest plantings at Stoller Family Estate in the Dundee Hills, with each wine named after a member of the Stoller family. They are among the most limited-production wines we produce, and large format bottlings are even more limited - fewer than 10 bottles of each three-liter was produced.

Helen's Pinot Noir is named after Bill Stoller's aunt and is made primarily from the Wädenswil clone of Pinot Noir, planted in 1997. This vintage has an elegant nose of ripe, succulent red fruit and black cherry, which give way for secondary notes of lavender, baking spice and minerality. The palate shows nuanced flavors of cherry pie and rose petals leading to a long finish.

Nancy's Pinot Noir is named after Bill Stoller's sister and is made primarily from the Pommard clone of Pinot Noir, planted in 1999. This bold wine displays ripe black raspberry and black cherry, coupled with fresh herb, cinnamon, anise and sandalwood. Nancy's is structured, rich and spicy, driven in part by the percentage of whole cluster in fermentation, 48%.

Ruth's Pinot Noir Named after Bill Stoller's mother, this wine is sourced from our oldest section of Pommard in the vineyard, planted in 1995. This wine expresses elegance and refinement, with notes of earth, violet and toasted walnut. This combination of mature fruit and French oak produces a long-lived wine that will further evolve with cellaring.

In 2015, a warm and temperate spring weather prompted an early bud break as well as perfect weather for ideal fruit set, thereby producing larger, luscious clusters with lots of berries. The consistently dry weather and summer sun beautifully ripened the fruit until the end of August when a cold front came in and slowed down the assumed trajectory of our harvest. The cooler temperatures slowed down the sugar accumulation of the fruit and allowed for a longer hang time on the vine. Consequently, we were able to bring in the fruit as the flavors presented themselves. As a result, the wines are concentrated with complex layers and bright acidity.

We are pleased to present this exclusive trio of Legacy Pinot Noirs, each signed by winemaker, Kate Payne Brown.

Explore the seasonal sensory components of pairing food with wine with our Gastronomic Tasting experience for up to six guests. Indulge in a specially curated flight paired with seasonal creations inspired by five of our estate wines as you overlook the Stoller Family Estate vineyard.

The first of its kind, this lot affords the winning bidder the opportunity to taste a three-year vertical of both Twomey AVA and single vineyard Pinot Noirs from the Willamette Valley.

Founded by the Duncan family of Silver Oak in 1999, Twomey has continued the legacy of unique wines from Oregon's wine country—and the historic Prince Hill Vineyard. As stewards of this Dundee Hills site since 2017, the winemaking team has produced limited-production wines—an AVA bottling and a single-vineyard bottling—that showcase the vibrancy, depth and savory character of Pinot Noir from the region.

Each Twomey wine in this vertical from Willamette Valley is the result of a focused effort to create wines rooted in place. With its pure red fruits and deep concentration, the 2017 vintage was the type of season winemakers dream of. The 2018 vintage produces wines of balance and longevity—and offered the Twomey team its first full growing season with Prince Hill. Then, finally, the 2019 vintage was a masterclass in classical Oregon winemaking. The wines provide a graceful note to the vertical but certainly aren't shy.

With stunning 360-degree views of Oregon's wine country, the Twomey estate in Dundee Hills will exclusively welcome the winning bidder and up to three guests for a winemaker-led hike of Prince Hill Vineyard followed by a private food and wine pairing lunch.

This exclusive visit to be scheduled at a mutually agreeable date prior to March 2023.

Includes Winery Experience

DETAILS

We have to pulled a complete vertical of Sojourner/Sojeau Vineyard Pinot Noir from our library, providing a bottle from the first vintage working with this site through the 2019 vintage.

Denny Pesseau and his wife Thelma have been farming the southwest ridge of the Eola-Amity Hills since the 1970's. Originally the proprietors of Eola Springs Vineyard, they became obsessed with the rocky slope just above the original vineyard site. In 2007 they purchased that rock strewn, volcanic clay site and developed it into the exceptional vineyard now known as Sojourner. In 2017 the vineyard was re-named to Sojeau Vineyard.

The vineyard sits on the southern end of the Eola-Amity Hills, facing southwest towards the coast range. At 650 feet in elevation, the site overlooks the valley and surrounding farmlands from its perch on the steep hill. Denny planted the original 15 acres with three clones of Pinot Noir: Dijon 115, Pommard and Wadenswill, with a recent planting of 3.26 acres of Chardonnay.

Wine from this site is always bursting with notes of wild berries and flowers, layered with spices each year showing intricate savory notes. The palate is always concentrated with sweet red cherries and mushrooms with delicate yet gripping tannins that lead to a vibrant and intensely mineral finish. This site remains consistent with a beautiful combination of power and sophistication vintage after vintage.

Ken and Erica will host a virtual tasting via Zoom, moderated by Jess Pierce, to taste through the vertical with the winning bidder and their friends. Date and time must work for both the winery and the winning bidder. The winery team is unavailable during harvest from September through October.

DETAILS

One of WillaKenzie Estate's most precious terroirs for Pinot Noir comes from a neighborhood called Aliette. In this special lineup, you'll have a chance to explore the continuity of the Aliette Pinot Noir expression across several different Willamette Valley vintages. The Aliette neighborhood on the WillaKenzie Estate was planted to two different clones of Pinot Noir in 1992 (Pommard and Wädenswil) and contains the oldest vines on this historic property within the Yamhill-Carlton sub-AVA. The deep sandy soils and gentle, southeast facing exposure of Aliette help to create a refined, demure and finesse driven expression of Pinot Noir that is shown through its pure and transparent aromas and flavors. Take this one-of-a-kind opportunity to explore the influence of vintage variation on the Aliette expression. This 6-magnum collection also presents an exceptional opportunity to explore how Pinot Noirs from the WillaKenzie Estate and the Willamette Valley can age beautifully and take on remarkable complexity over time in the cellar.

Includes a complimentary tasting experience at WillaKenzie Estate for 2 guests.

DETAILS

In 1973, Bill Fuller, with his family and small vine plantings, sought to grow his own vineyard in Oregon. As the only acting winemaker to move from California at the time, Bill had a vision of creating cool-climate Pinot Noir planted at a unique site in the Willamette Valley protected by coastal mountains with tremendous sun exposure. He named the site Tualatin Estate Vineyard, named after the Tualatin River that gently flows near Forest Grove on its way to confluence with the Willamette River.

Bill has been recognized for many firsts in our industry. His Chardonnay and Pinot Noir both took home "Best of Show" for the "Red" and "White" categories in the same year at the London International Wine Fair. His 1989 Chardonnay was the first Oregon wine to be named on the Wine Spectator Top 100 list.

In 1997, Willamette Valley Vineyards merged with Tualatin Estate Vineyard and Bill retired. Sixteen years later, Winery Director Christine Clair asked for a favor. Expressing our love of the vineyard and his winemaking style, she asked if Bill would come out of retirement as a Consulting Winemaker to assist in the making of the wines produced from Tualatin Estate fruit. He agreed and now each year he creates a Pinot Noir and Chardonnay from specific blocks and using his classic techniques.

This special lot includes three bottles of each of vintage of Bill Fuller's Vintage Pinot Noirs, from 2013 to 2019.

Lot features an in-person or virtual experience with Oregon Wine Pioneer Bill Fuller.
